

Neopost USA Introduces the Latest in Tabletop Folder Inserter Innovation with the New DS-85 and DS-90

*Productive, versatile and easy to use folder inserters
that can grow with your business*

MILFORD, CT, February 17, 2012 – Neopost USA introduces two exciting new products to its folder inserter line, the Neopost DS-85 & Hasler M8500 and the Neopost DS-90 & Hasler M8800. Both new solutions have been designed with the latest technology and innovation that facilitates productivity and ease of use for a wide variety of applications. Ideally suited for businesses that want flexibility, these new products are completely modular and can be adapted to meet the expanding needs of any mail center.

Neopost has set a new standard in ease-of-use with new touch screen technology that is designed for simplicity. Both the DS-85/M8500 and the DS-90/M8800 have color touch screen displays that provide a friendly, intuitive wizard-based user interface that makes it easy for anyone to run a folding and inserting job. The reversible and ergonomic touch screen is super bright and gives an optimal view at every angle.

The DS-85/M8500 and the DS-90/M8800 have new reading technology that will give users full content control and security. This exclusive scanning device can read any kind of coding such as OMR, 1D and 2D Datamatrix Barcode and uniquely, the code can be printed anywhere on the document, providing full flexibility to fulfill any layout requirement. To securely process personalized and varying mail jobs, the DS-85/M8500 and the DS-90/M8800 include several automatic features to ensure that every recipient receives precisely the right mail piece.

PRESS RELEASE

These versatile systems can be configured to meet the consumer's growth needs. The DS-85/M8500 can be expanded from two to six stations at anytime, providing additional capacity and further optimizing productivity. The DS-90/M8800 can be expanded up to seven stations allowing the user to take on more mail jobs.

Additional productivity features include: Dedicated feeders for specific needs specifically designed to handle a wide variety of paper types, a high capacity document feeder to increase document capacity, a high capacity vertical stacker that holds up to 500 filled envelopes, and flexFeed® technology allowing the user to load any document size in all feeders.

For more information on the DS-85/M8500 and the DS-90/M8800 folder/inserter visit: www.neopostusa.com.
